

SAFETY DATA SHEET

according to 1907/2006/EG

Date 03.05.2019

revised at

Revision no.: 0.00 / EN

4 Pages

1. Identification of the Product and Company

- **Trade name / Brand name**

Commercial name: *Nouvelle Restyling Volumaze*

- **Use of the substance/preparation:** hair care product for styling

- **Relevant identified uses**

The product is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. The product meets the requirements of Regulation 1223/2009/EC

- **MANUFACTURER (registered office)** H.S.A. HAIR STYLING APPLICATIONS S.P.A.
Via dei Carantani 1 - Varese – Italy
- **MANUFACTURER (production site)** H.S.A. HAIR STYLING APPLICATIONS s.p.a.
Via Foscolo 27 – Bisuschio VA – Italy
- **PHONE** 0039-(0)332-474654
- **FAX** 0039-(0)332-850307
- **EMERGENCY PHONE (BUSINESS HOURS)** 0039-(0)332-474654

2. Hazards Identification

- **Classification according to Regulation No 1272/2008/EC (EU-GHS/CLP)**
Not classified as hazardous
- **Classification according to Directive 1999/45/EEC**
Not classified as dangerous
- **Special hazards for human health and environment:**
Keep out of the reach of children and avoid eye contact. Use water and rinse off in case of eye contact.
- **Other hazards:** none

3. Composition / Information on Ingredients

- **Chemical characterization:**

Preparation/mixture: wet and sticky powder consisting of water, silica, wetting agent and low amount of silicon oil

- **Hazardous ingredients**

The mixture does not contain any substance in notifiable amount

- **List of ingredients (INCI):**

Aqua, Silica Silylate, PEG-8, Argania Spinosa Kernel Oil, Undecane, Tridecane, Parfum, Carrageenan, Potassium Sorbate, Citric Acid, Tocopherol, Helianthus Annuus (Sunflower) Seed Oil.

4. First Aid Measures

- **General information:** No adverse effects are expected during normal use of the mixture, however if any effects do appear the following recommendations apply.
 - **In cases of eye contact:** may cause mild, transient irritation. Rinse immediately with plenty of water. If eye irritation persists, seek medical advice
 - **In cases of skin contact:** Not expected to be irritating. Rinse with soap and plenty of water, in the case of skin irritation take medical advice
 - **In cases of ingestion:** Rinse out mouth and give plenty of water to drink. If symptoms develop, seek medical attention
 - **In cases of inhalation:** Move to fresh air in case of accidental inhalation of fumes from overheating or combustion
 - **Advice to doctor:** treat symptoms, no allergic reactions known.
-

5. Fire-fighting Measures

- **Extinguishing agents:** Use any means suitable for extinguishing surrounding fire.
 - **Extinguishing media which must not be used for safety reasons:** None
 - **Special exposure hazards arriving from substance or preparation itself, combusting products, resulting gases:** None
 - **Protective equipment:** adapt to surrounding fire
 - **Additional information:** Product itself does not burn.
-

6. Accidental Release Measures

- **Personal precaution:** Ventilate area of leak or spill. Wear appropriate personal protective equipment. Avoid generation of dust. Special danger of slipping by leaking/spilling product.
 - **Environmental precautions:** No special environmental measures are necessary.
 - **Clean-up procedure:** Spills: Sweep up and containerize for reclamation or disposal. Vacuuming or wet sweeping may be used to avoid dust dispersal
-

7. Handling and Storage

- **Handling:** No special provisions if the product is used appropriately.
Advice on safe handling
Avoid: dust dispersion, inhalation of dust/particles, eye contact Comply with the health and safety at work laws
Advice on protection against fire, aerosol and dust generation
Product itself does not burn. No special fire protection measures are necessary. If technically possible use local exhaust ventilation.
 - **Storage:** No requirements for storage rooms and vessels. Protect from sunlight and do not expose to temperatures above 50°C, keep from extreme cold
 - **Storage class:** Non-combustible solids
-

8. Exposure Control / Personal Protection

- **Exposure limit values:** not applicable, this is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonable foreseeable use.
- **Personal protection:** The usual precautionary measures are to be adhered to, when handling chemicals: avoid contact with eyes, do not eat, drink or smoke
- **Eye protection:** safety goggles during refilling
- **Hand protection:** establish skin protection measures, wear latex gloves
- **Respiratory protection:** no personal respiratory protective equipment normally required. Breathing apparatus in the event of dust formation: P1 or FFP1 (BGR 190)

9. Physical and Chemical Properties

- **General information**

Physical state: powder
Colour: white
Odour: balmy

- **Flash point:** not applicable
- **Flammability:** not applicable
- **Melting point:** not applicable (1.700°C for silica)
- **Explosion risk:** not explosive, not oxidizing
- **Density at 20°C:** ~ 1 g/cm³
- **Water solubility (at 20°C):** insoluble
- **pH-value at 20°C:** 5-9

10. Stability and Reactivity

- **Chemical stability:** Product is stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.
- **Materials to avoid:** none known
- **Hazardous decomposition products:** If stored and handled properly: none known. Decomposition takes place from temperatures above 1.700°C
- **Conditions to avoid:** none known
- **Hazardous reactions:** none known

11. Toxicological Information

- **Acute toxicity:** no harmful effects (safety assessment according to 1223/2009/EC)

Exposition	Value Range	Species	Method	Remark
oral	LD ₅₀ : >5.000 mg/kg	rat	Limit Test	Silica
oral	LD ₅₀ : > 15.000 mg/kg	rat		polyethyleneglycols

-
- **Primary irritation:** Based on the composition no irritation potential has to be expected.
 - **Sensitization:** sensitizing effects not known
 - **Others:** According to our experience no damage to health has appeared even in case of long lasting contact. Product was dermatologically tested: no irregularities
-

12. Ecological Information

- **Ecotoxicity:**
evaluation in analogy to similar products: non-toxic for organisms in water
 - **Persistence and degradation:**
Insoluble in water.
The individual components are poorly eliminated from water.
No photo-chemical elimination.
 - **Other adverse effects:**
According to the criteria of the European classification and labeling system, the product has not to be labeled as „dangerous for the environment“.

On the basis of existing data about the elimination/degradation and bioaccumulation potential longer term damage to the environment is unlikely.
-

13. Disposal Considerations

- **Product:** in compliance with local regulations
 - **Packaging:** Non-contaminated packages may be recycled
-

14. Transport Information

not classified as „hazardous for transport“

Land, river/canal, sea, air-transport: not regulated for transport by ADR/RID-GGVS/E, IMDG/GGVSee, ICAO-TI/IATA-DGR

15. Regulatory Information

Labelling in accordance with EC-guidelines:

The product does not require a hazard warning label in accordance with EC directives and/or the relevant national laws. It is found not to be classified according to the health and safety or environmental criteria.

16. Other Informations

Data of items 4 to 8, as well as 10 to 12, do partly not refer to the use and the regular employing of the product, but to liberation of major amounts in case of accidents and irregularities.

This safety data sheet is accurate to the best of our present-day knowledge and is based on information which we consider as reliable. The data should not be taken to imply any guarantee of a particular or general specification. It is the responsibility of the user of the product to ensure to his satisfaction that the product is suitable for the intender purpose and method of use.

This data do not constitute a guarantee for the characteristics of the product as defined by the legal warranty regulations.
